

# Falamat special

Extra-powerful cleaner for use in automatic cleaning machines, dirt-breaker

Packaging	Art.-No.	per Box	per Palett
10 l PE-Canister	9384	-	60

## Properties:

Falamat special is a powerful grease and dirt remover for use in automatic cleaning machines (scrubber dryers or brush roller machine) for heavy cleaning tasks in maintenance cleaning, intermediate cleaning and intensive cleaning. Low foaming. Particularly suitable for soiling that cannot be removed by other cleaners. Cleans all types of water and alkali-resistant floor coverings, such as PVC, epoxy resin, natural stone, artificial stone, ceramic tiles. Cannot be used on wax or acrylic floor polishes / films. Can also be used in the manual process with the single disc machine and an appropriate pad.

## Field of Application:

For use in automatic cleaning machines (scrubber dryer or brush roller machine). Maintenance or intensive cleaning of all waterproof and alkali-resistant floor surfaces in industrial and workshop areas.

## Application:

For daily maintenance cleaning, equip the machine with a diluted cleaning solution and treat floor covering using the automatic machine. Manual processing: work in a one-step wiping process. Intensive cleaning: Apply cleaning solution onto the floor surface, allow to act (5-10 min.), scrub and then soak up the dirt solution, rinse with clear water.

## Dosage:

Automatic machine cleaning, maintenance cleaning: 100 - 200 ml to 10 l water (dilution 1:50 - 1:100). Automatic machine cleaning, intensive cleaning: 500 - 1.000 ml to 10 l water (dilution 1:10 - 1:20). Manual processing in single-stage wiping procedure with equal dosage.

## Notes

Ensure material compatibility before starting cleaning, e.g. by checking the material compatibility in an inconspicuous place. Rinse machines and devices after use in clear water.

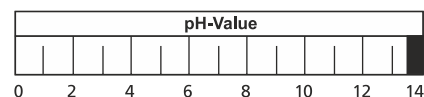

## Ingredients:

5-15% soaps, 5-15% non-ionic surfactants, perfumes. Further ingredients: water soluble solvents, silicates.

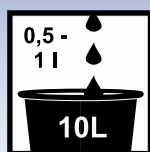

## Productcode: GG 80
