

# Rauchharzentferner

Highly-alkaline special cleaner for removing smoke resins

Packaging	Art.-No.	per Box	per Palett
10 l PE-Canister	9778	-	40

#### Properties:

Fala-Rauchharzentferner is a highly effective product for the removal of stubborn dirt, such as oil, grease and smoke resin from alkali-resistant surfaces (stainless steel, glazed stoneware tiles, etc.) in the kitchen area of e. g. exhaust air systems and kitchen hoods.

#### Field of Application:

For the application on alkali-resistant surfaces (stainless steel, glazed stoneware tiles, etc.) in kitchen areas. Removal of oil, fat and smoke resins from, for example exhaust air systems and kitchen hoods.

#### Application:

Apply cleaning solutions to the surface and leave for 10-30 minutes to take effect. Do not allow to dry; if necessary add cleaning solution. Remove dirt by scrubbing and wiping. Use suitable cleaning accessories and rinse with plenty of water.

#### Dosage:

200 ml to 1 l to 1 l of water (dilution 1:1 to 1:5).

#### Note:

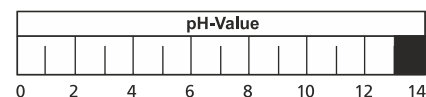

Be careful when diluting! First add water, then slowly add product. Wear personal protective equipment when processing. Observe information in the safety data sheet. Before starting work, check surfaces for compatibility with Fala-Rauchharzentferner.

#### Ingredients:

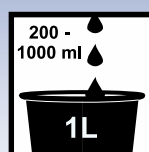

<5% non-ionic surfactants. Further ingredients: Contains >25% Sodiumhydroxide.

#### Productcode: -

This product is intended for commercial use only. Safety data sheet available on request or at [www.fala.de](http://www.fala.de). For safety instructions pay attention to product label or safety data sheet.
