

Arinex 2000

Powerful acidic basic cleaner for sanitary areas

Packaging	Art.-No.	Per Box	Per Palett
1 l PE-bottle	3537	10	360
10 l PE-canister	3538	-	60

Properties: Arinex 2000 is a sanitary cleaner for intensive- and basic cleaning in sanitary areas. Strong and old limescale, urine scale, rust and other mineral soiling as well as lime soaps and grease-like soiling (cosmetic oils, creams, skin greases, etc.) are removed quickly and thoroughly

Field of Application: For all acid-resistant and waterproof surfaces.

Application: Apply cleaning solution to the surface and leave to take effect. Process cleaning solution manually with a suitable cloth/ sponge or by machine using a pad /brush. After that rinse thoroughly with clear water. In case of strong soilings apply product undiluted, let product work, process and rinse thoroughly with clear water.

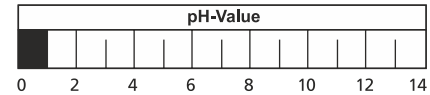

Dosage: Maintenance cleaning: 125 ml to 5 l water. Basic cleaning: 3 l to 10 l water. Depending on soiling choose a higher dosage.

Ingredients: <5% nonionic surfactants, perfumes. Other ingredients: Phosphoric acid, sulfamic acid, dyes, corrosion inhibitors.

Note: Always pre-moisten joints thoroughly before application. Do not use on marble and other limestones, cement bound cast stone, zinc, iron, brass and damaged fittings. Caution, do not mix with agents that contain chlorine as this releases toxic chlorine gas.

Productcode: GS 50
