Properties: The Fala-Room Freshener series consists of three different fruity fragrant directions: orange, melon and green lemon. They serve to improve the air quality of interiors, such as sanitary and toilet facilities and other rooms. All room fresheners are ready-to-use products, economical in consumption and unfold their excellent effect over a long period of time. In addition to the 1 liter bottle, all room freshener are also available in the 200 ml bottle as room spray for precise dosing by means of a pump sprayer. Only a few splashes / spray operations are required to achieve a sufficient effect.

Field of Application: Fala room fresheners are used indoors, such as sanitary facilities, toilets and other rooms.

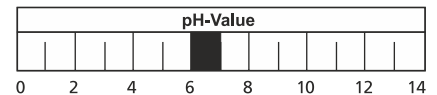

Application: Apply room fragrance undiluted at a hidden point (e.g. washbasin overflow, toilet bowl, brush tray, waste bin). Do not spray into the air. The fragrance will distribute itself through the entire room.

Dosage: Use undiluted.

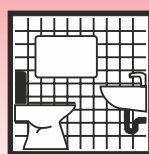

Ingredients: <5% nonionic surfactants, perfumes, Benzisothiazolinone, Methylisothiazolinone.
